TYPES OF PROPOSED STUDENT SUPPORT OFFERED LIKE
SCHOLARSHIPS

Financial incentives offer rightful income, incentives and encouragement to deserving students in undertaking, continuing and enhancing their efforts in learning.

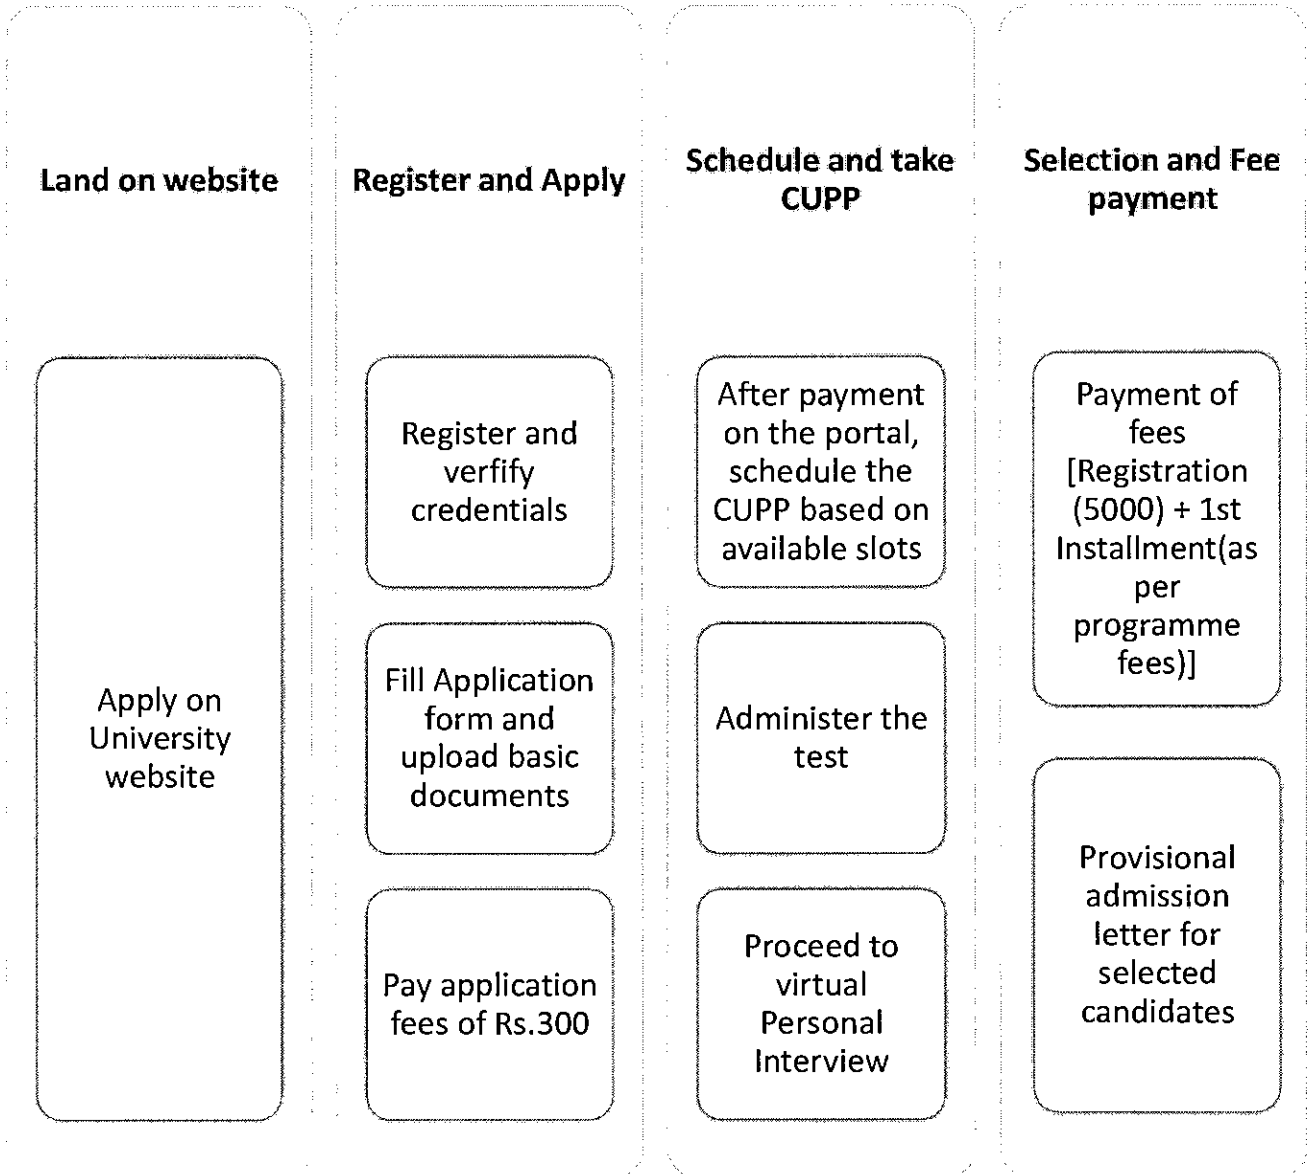

Scholarships are an important means in recognizing and rewarding meritorious and deserving students. They play an important role encouraging excellence among meritorious and providing opportunities to the disadvantaged students. The Nature and quantum of scholarship would change over time to ensure the award of scholarship with a fixed ratio. The University shall strive to invite endowment funds from philanthropists to create continuity and association.

The University shall conduct a test for the selection of eligible candidates for scholarships and shall make efforts to identify the disadvantaged and backward sections of students to facilitate admission through fee waivers and free ships. The Scholarship may be linked to Course completion, Examination performance or Social, Economic or Physical disadvantage.

The student faculty ratio would be 1: 15 allowing for about 1000 students to study at various levels. Select meritorious students would be offered scholarships and fellowships to support their education. Necessary student services including placement etc. would be put in place.

Preamble

Education is the process of evolving excellence through Collective and Conscious action. Chanakya University aspires to pioneer the vision of NEP '2020 in harnessing the resources of the Technology era with the Wealth of Indian Heritage in the Creation and Dissemination of Knowledge for nurturing Global leaders.

NEP 2020 envisions, 'India Centered Education System that contributes Directly to Transforming Our Nation Sustainably into an Equitable and Vibrant Knowledge Society by providing High Quality Education to All'. This implies educational outcome as a Conscious realization of an Individual's Character, Culture, Competence with the Curiosity for Creating knowledge for building a Compassionate World'.

The Inter, Trans and Multi-disciplinary perspectives seeks to go beyond the limits of disciplinary knowledge in adopting project based learning approach. Having derived the University Vision as, 'Creating Knowledge and Transformative Leaders for Holistic Development', the learning outcomes as identified by the graduate attributes of the University are,

1. Knowledge with Competence for application
2. Research with Analytical Abilities
3. Scientific Reasoning for Problem solving and Life long Learning
4. Digital skills, Multicultural perspectives and Sustainable solutions
5. Ethical Clarity and Effective Communication skills
6. Leadership and the cultivation of a healthy Civilizational Consciousness.

Thus, Quantitative knowledge creation and Qualitative Leadership attributes are integrated with the core idea of developing a 'Positive Civilizational Consciousness'. Organisation and Activity

Centre for Educational and Social Studies ("CESS"), formerly known as Centre for Leadership and Management in Public Services (hereinafter referred as the "Institution") is established as a Society under the Karnataka Societies Registration Act, 1960 domiciled at No. 6/6, 'Prajnanam', 10th Block, 2nd Stage, Nagarbhavi, Bangalore - 560072, Karnataka, India. The Institution primarily understands and builds Education, Health and Other Public Service Systems in the areas of Quality, Stakeholder Management, Technology and Knowledge Management.

The Institution is registered under section 12AA of the Income Tax Act, 1961 and has also obtained a certificate under section 80G.

The Chanakya University (Project of CESS) is a multi-disciplinary institution committed unflinchingly to the service of society through excellence in teaching, development of knowledge and direct contributions in the world of practice. The concerns of India and Indian knowledge systems will deeply inform all the knowledge endeavours of the University including teaching, research and practice. Truly Indian in spirit, the University will act equally as a citizen of the world.

The University is strategically located near the Bengaluru International Airport and is a part of the Aero-Space Industrial Zone, which houses over 1000 Multi-National Corporates including Rolls Royce, Apple, and the likes. This environment will encourage the students to network with industries for a journey of experiential learning through projects, internships, and interactions with industry leaders, which will prepare them for evolving as a professional. We will be embedding Value-Added Professional Programs which will enhance their employability skills, and every student will evolve as a Transformative Leader in their career space.

Note 2

Significant Accounting Policies

(a) Basis of Preparation of Financial Statements

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (Indian GAAP), under the historical cost convention on the accrual basis and as a going concern. Accounting Policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(b) Use of Estimates

The preparation of financial statements in conformity with the Generally Accepted Accounting Policies requires that the management makes estimates and assumptions that may affect the reported amount of assets and liabilities, disclosure of contingent liabilities as at the date of financial statements and the reported amount of revenues and expenses during the reported period, the actual result could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods. Actual results could differ from these estimates.

(c) Revenue Recognition

Income is recognised to the extent it is probable that the economic benefits will flow to the Institution and the amount can be reliably measured. Income received as part of Donations and Contributions are treated as income in the year of receipt. Income from interest on deposits are recognised on accrual basis.

(d) Fund Accounting

Fund Accounting is a method of accounting and presentation whereby assets and liabilities are grouped according to the purpose for which they are to be used. A fund is either created by law or by management or by donor. Funds are represented by the assets whether in the form of Fixed Assets, Investments, Inventory, Bank account, etc. Fund Accounting does not necessarily involve opening of a new bank account for its operations. Funds are just the restriction imposed for utilisation of asset.

Fund based accounting essentially involves preparation of financial statements fund-wise and consolidation of those statements to represent the financial results/position of the institution as a whole.

Funds received may be divided into:

i. Restricted Funds

ii. Unrestricted Funds

a. Corpus Fund - Funds contributed by founders / promoters of the Institution. It also includes donations / contributions received with specific directions to be part of the corpus. These are non-refundable funds, which can however be increased by additional contribution by the founders / promoters / donors / contributors with specific directions to be part of the corpus in furtherance of the objects of the Institution.

b. Designated Funds - Funds contributed by founders / promoters including CSR Funds towards Chanakya University - Project of CESS. This is not forming part of the Corpus Fund.

c. General Fund - Unrestricted funds other than designated funds and corpus.

Notes to Financial Statement for the year ended March 31, 2022

(e) Fixed Assets & Depreciation

Fixed assets are carried at cost of acquisition less accumulated depreciation. The cost of fixed assets comprises their purchase price including duties and taxes (other than those subsequently recoverable / adjustable from tax authorities) and any directly attributable cost of bringing the assets to working condition for their intended use.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Fixed Assets were earlier being depreciated under the Written Down Value method at the rates prescribed under section 32 r/w Rule 5 of the Income Tax Act, 1961. Whereas from the financial year 2021-22 onwards, there has been a change in the Policy of the Institution whereby the assets are being depreciated on Straight Line Method basis. The lease hold improvements are depreciated over the primary period of the lease/license.

The amortization period and the amortization method are reviewed at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern.

The Institution has used the following rates to provide depreciation on its Fixed Assets:

Type of Asset	Depreciation Rate
Office Equipments	20%
Computers & Computer Softwares	25%
Furniture	20%
Vehicle	20%

(f) Lease of Land

Leasehold land rentals to be charged to the Income and Expenditure account on straight line basis in case of operating lease unless another systematic basis is more appropriate if payment to lessor is not made on straight line basis.

(g) Provisions and Contingent Liabilities

A provision is recognized when the Institution has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Institution or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably.

The Institution does not recognize a contingent liability but discloses its existence in the financial statements. The Institution has not recognized any contingent liabilities during the current year.

(h) Income Taxes

The Institution is registered under section 12AB of the Income-tax Act, 1961 ("the Act"). Under the Provisions of the Act, the income of the Institution is exempted from tax, subject to the compliance of specific terms and conditions specified in the Act. The application of funds are considered based on actual payment basis as envisaged in Section 11 of the Act.

SCHEDULES FORMING PART OF THE BALANCE SHEET AS AT MARCH 31, 2023 & INCOME AND EXPENDITURE ACCOUNT FOR THE YEAR ENDED ON THAT DATE

1 SIGNIFICANT ACCOUNTING POLICIES & NOTES TO ACCOUNTS

A Background

The Chanakya University ('University') was incorporated under "The Chanakya University Act, 2021 (Karnataka Act No.37 of 2021) of the Government of Karnataka and received its assent on October 11, 2021, vide Parliamentary affairs & Legislation Secretariat Notification No. DPAL 44 SHASANA 2021, Bengaluru, dated October 11, 2021 and was incorporated as an artificial juridical person on March 05, 2022. The Centre for Social Studies (CESS) acted as a sponsoring body of the University and had incurred certain expenses, entered into agreements including those with donors, obtained requisite approvals for setting up the University, entered into certain contracts with vendors and contractors for creating infrastructure for running the University and took all other actions necessary or incidental there to. All assets and liabilities acquired/contracted by CESS in connection with the University vested in the latter pursuant to the said act. A memorandum was executed to formalize the same with effect from April 1, 2022. In terms of this memorandum, the benefits of all approvals, agreements, contracts, rights and obligations which CESS had in relation to the University was also transferred to it.

B. Significant Accounting Policies

1 Basis of preparation of financial Statements

The financial statements are prepared under the historical cost convention and on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) in India. These financial statements comply with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI).

2 Use of Estimates:

The preparation of the financial statements in conformity with the generally accepted accounting principles requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues/ expenses for the year and assets/liabilities/disclosure of contingent liabilities as at the end of the reporting date. Management believes that the estimates used in the preparation of financial statements are prudent, reasonable and based on best knowledge of current events & actions. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Difference between the actuals and estimates are recognized in the period in which the same are known / materialized.

3 Fixed Assets:

Fixed assets are stated at cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. The Cost of assets comprises of cost of acquisition and all costs directly attributable to bringing the asset to the present condition for its intended use. Fixed assets received free of cost or donation are carried at nominal value Rs. 1.

Capital work-in-progress comprises of all directly attributable costs of bringing the fixed assets to their working condition for their intended use, till the date of asset being put to use. Advances paid to acquire fixed assets at the reporting date have been included under 'Loans and Advances'.

4 Depreciation:

Depreciation is provided on Straight Line Method on the estimated useful life of the assets as estimated by the management. Following table shows the estimated useful life of the asset under each category:

Asset Category	Useful Life (in years)	Rate of Depreciation
----------------	------------------------	----------------------

Lease hold rights in land	Over the period of lease	
Buildings	30	3.33%
Computers	3	33.33%
Software	3	33.33%
Equipments	5	20.00%
Furniture	8	12.50%
Vehicles	8	12.50%
Library Books	1	100.00%
Electrical Fittings	10	10.00%
Lab Equipment	5	20.00%

Utensils purchased for canteen and hostel are being expensed out in the year of acquisition.

Depreciation on assets is provided prorata from the date of addition over the useful life mentioned above. Depreciation on assets sold/discarded/disposal is recognised till the date of sale/discarding/disposal.

5 Leases taken by the University:

Leases are classified as finance or operating leases depending upon the terms of the lease agreements.

Assets acquired under leases, where the lessor has substantially transferred all the risks and rewards incidental to ownership, are classified as finance leases. Such leases are capitalized at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

6 Investments:

Investments are classified into short term and long term investments based on the management's intention at the time of purchase. Short term investments are carried at the lower of cost or fair market value of each investment computed individually. Long-term investments are carried at cost. Provision for diminution is made if such diminution is considered as being other than temporary in nature. The cost of an investment includes acquisition charges such as brokerage, fees and duties.

8 Funds/ Donations received by the University

- Funds/Donations received by the University which are subject to certain conditions stipulated by the donors in terms of relevant agreements entered into with them have been classified in the Balance Sheet as 'Restricted Funds'. These conditions may relate to end utilisation of the donations or that the corpus is to be retained as such and the income derived there from used for specific purposes. Any funds / donations received with no such stipulations are classified in the Balance Sheet as 'Non Restricted Funds'
- Donations received by the University from a donor for creation of a Permanent Statutory Endowment Fund have been included under the category of Restricted Funds. This amount has been utilised for investment in fixed deposits with a bank and in mutual funds and have been earmarked for this purpose. Seventy five percent of the incomes received from Permanent Statutory Endowment Fund shall be used for the purpose of development or general work of the University. The remaining twenty five percent shall be reinvested in the Permanent Statutory Endowment Fund
- As and when funds / donations (other than that received for creation of Permanent Statutory Endowment Fund) are utilised for meeting permitted revenue expenses, an appropriate amount equal to the expenditure incurred is withdrawn and credited to the income and Expenditure Account. In case such funds / donations are utilised for meeting permitted capital expenditure, an appropriate amount equal to the depreciation/amortisation recognised on the relevant assets is withdrawn and credited to the Income and Expenditure Account. The balance amount not recognised as income is shown in the Balance Sheet under the head 'Restricted Funds'.

d Income derived on funds/donations (other than that received for creation of Permanent Statutory Endowment Fund) till their utilisation or on endowment funds where the University can only utilise the income there on are recognised in the Income and Expenditure Account.

9 Cash and Cash Equivalents:

Cash for the purposes of cash flow statement comprise cash on hand and at bank in demand deposits and cash equivalents comprise of short term highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

10 Revenue Recognition:

10.1 Tuition & other fees:

Tuition and other fees are recognised on accrual basis based on the period to which it relates.

10.2 Registration Fee and Application Fee:

Non refundable registration and application fees received from students are recognised on receipt basis

10.3 Interest and Other Income:

- a) Interest is recognized using the time-proportion method, based on rates implicit in the transaction.
- b) Dividends are recorded when the right to receive payment is established.
- c) Other Income are recognised at the time of rendering of service

11 Foreign Currency Transactions:

All foreign currency transactions are accounted for at the exchange rates prevailing on the date of such transactions. Monetary assets and liabilities denominated in foreign currency are restated at the rates ruling at the year end and all exchange gains/ losses arising there from are adjusted to the Income and Expenditure Account, except those covered by forward contracted rates where the premium or discount arising at the inception of such forward exchange contract is amortized as expense or income over the life of the contract.

12 Retirement Benefits to employees:

12.1 Defined Contribution Plan

The University's defined contribution plans are the Employees Provident Fund (under the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952)

The University's contribution to Provident Fund is made at pre-determined rates and is expensed in the Income and Expenditure Account. The University has no liability other than making contribution to the fund.

12.2 Defined Benefit Plan [Long-Term Employee Benefits]

i) Gratuity

The liability as at the balance sheet date is provided for based on the actuarial valuation, based on Projected Unit Credit Method at the balance sheet date, carried out by an independent actuary. Actuarial Gains and Losses comprise experience adjustments and the effect of changes in the actuarial assumptions and are recognised immediately in the Income and Expenditure Account as an income or expense.

ii) Encashment of Leave

The employees are entitled for encashment of earned leave, a defined benefit plan, in accordance with the rules framed by the University. The liability for the year has been determined on the basis of actuarial valuation using Projected Unit Credit Method at the year end.

13 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when there is a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions, other than gratuity and leave liabilities, are not discounted to its present value and are determined based on management best estimates of the expenditure required to settle the obligation as at the balance sheet date. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate for each such obligation.

A contingent liability is disclosed when there are possible or present obligations that may, but probably will not, require an outflow of resources, the outcome of which cannot be ascertained with reasonable certainty, unless the possibility of such outflow is remote.

Contingent assets are not recognized in the financial statements since that may result in the recognition of income that may never be realized.

14 Taxes on Income:

The University is registered under 12 AA of the Income Tax Act, 1961 and hence is exempt from tax.

15 Impairment:

Impairment loss is provided to the extent carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of asset's selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the entity estimates the asset's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Income and Expenditure Account unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase.

C Notes to Accounts

17a) Contingent Liabilities Not Provided For:

The University has received an endorsement dated March 18, 2023 from Assistant Commissioner of Taxes, (Vigilance) Bangalore, taking a contention that the land taken on lease from KIADB for running its activity is liable to pay GST under RCM basis. He has also quantified the tax payable at Rs. 9 crores apart from applicable interest and penalties. The University has responded to this endorsement objecting to the stand taken and has contended that no GST is payable on RCM basis as proposed. Based on professional advice, devolution of liability on the University is considered not probable, and hence no liability has been recognized in these financial statements.

17b) During the year, a writ petition has been filed with Honorable High Court of Karnataka wherein the University is one of the responding party to a litigation challenging both the allotment of leasehold land by KIADB and approval by State Government Order approving such allotment of land. The University however, has filed objection to such litigation and is confident that there are no material effects on the functioning of the University and there exists valid title on the University of the said portion of land allotted to it and such litigation does not hold any merit in the court of law based on legal advice sought.

17c) Estimated amount of contract remaining to be executed on capital account and not provided for Rs 1,93,82,31,603/-

- 19 As set out in note 1A above, the assets and liabilities of CESS in so far as it related to the University vested in the latter, with effect from April 1, 2022. The net difference between the value of assets and liabilities as at that date so vested resulted in a deficit of Rs 1,12,86,690/-. This mainly represents the aggregate of all expenses (normally recognized in the income and expenditure account) incurred by CESS on behalf of the University till March 31, 2022 from the date the university project was conceived. This aggregate expenditure incurred has not been segregated between those incurred upto March 5, 2022 and those incurred from March 6, 2022 to March 31, 2022. The excess of expenditure over income shown in the Income and Expenditure account consequently does not include such expenditure incurred between March 6, 2022 to March 31, 2022.
