Empowered by Opportunity

I was born into a humble farming family in a small village in Changlang, Arunachal Pradesh, where basic services were scarce and school was a ten-kilometre walk across a river. Despite these challenges, I became the only girl in my village to pass the 10th and 12th board exams. Higher education, however, seemed impossible until Chanakya offered me admission with full scholarship.

Coming to Chanakya changed my life. I was only limited by my imagination; everything was available here. Through my BA in Journalism and Digital Media, internships, and campus opportunities, I became confident and found my purpose.

Today, I am more independent, resilient, and, above all, determined. Chanakya has made me believe in myself.

- Susmita Chakma

My journey took a new direction the day I started my BA at Chanakya. Receiving the scholarship felt like a door opening to a world I had only dreamed of. When I arrived on campus, everything felt different. New ideas, diverse people and inspiring mentors made me realise how much more life had to offer.

This transformation felt even more meaningful because of where I came from. I grew up in Mysore, and after my father passed away during my school years, my mother raised me and my sister alone while working as a typist.

I have learnt new languages, overcame stage fear and discovered strengths I never knew I had. With every new experience at Chanakya, my confidence grows.
